An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Song Zhu on 1-19-2006.

The application has been amended as follows:

Claim 1, at the end of the claims changed "." to --;-- and added the following paragraph:

-- (E) whereby the displacement bar provides a simple and convenient visual indicator for indicating when the predetermined distance has been traveled.--;

Claim 8, at the end of the claims changed "." to --;-- and added the following paragraph:

-- (E) whereby the displacement bar provides a simple and convenient visual indicator for indicating when the predetermined distance has been traveled.--;

Claim 15, line 13, at the end of the line after "nut body" inserted --providing a simple and convenient visual indicator--;

Claim 26, line 13, at the end of the line after "nut body" inserted --providing a simple and convenient visual indicator--.

The following is an examiner's statement of reasons for allowance: the prior art does not disclose a hydraulic having displacement bar located outside the periphery of the nut body which has criticality in that it is a simple and convenient means of providing a visual indication of the predetermined displacement. The examiner concedes that combination of Kellstroem and Reeves would not have been motivated.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Flemming Saether whose telephone number is 571-272-7071. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Judy Swann can be reached on 571-272-7075. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
